

REPUBLIC OF TURKEY
THE SCIENTIFIC AND TECHNOLOGICAL RESEARCH COUNCIL OF TURKEY

Number : E-77913051-724.01.03-191353
Invitation to TÜBİTAK's
Subject : International Competitions for
Students

26.01.2022

TO THE EMBASSIES

Let's meet at TEKNOFEST!

We would like to give you some information about competitions organized by The Scientific and Technological Research Council of Türkiye (TÜBİTAK) and kindly ask you to call all relevant students to 18th International Efficiency Challenge (EC) Electric Vehicle, 7th International Unmanned Aerial Vehicles (UAV) Competition and 2nd International Free Mission Unmanned Aerial Vehicles (FMUAV) Competition.

The International EC Electric Vehicle aims to enable undergraduate and graduate students to gain knowledge and experience in vehicle technologies, to emphasize the environmental sensitivity of students and creating environments that will enable the development of new technological advancements and to raise awareness in the society on the use of alternative energies in vehicle technologies.

The International UAV and International FMUAV Competitions aim to direct students to UAV technologies, to encourage them to conduct scientific and technical studies, to raise awareness in the society on the UAVs and give participating youth professionals social experience.

The EC and UAV Competitions intend to make a meeting point for talented national and international students.

As TÜBİTAK, we support participants from all over the world financially. In this regard, EC participating teams are given financial support up to 40,000 TRY and prizes up to 50,000 TRY. The UAV Competition and FMUAV Competition participating teams are given financial support up to 18,000 TRY and prizes up to 50,000 TRY.

The EC will be held at Kocaeli Körfez Race Track between 19th and 24th July 2022 and UAV Competitions will be held at Afyonkarahisar Motor Sports Center between 9th and 14th August 2022 within the scope of TEKNOFEST Aerospace and Technology Festival which award ceremony will be taken place between 30th August and 4th September 2022 at Samsun Çarşamba Airport.

We offer for all the teams to have good opportunities to improve their technologies by meeting with many relevant team members and to have an exciting week in Türkiye.
